If the DEVELOPER fails to cure such default within such time as may be required by such notice, the CITY, acting by and through the AGENCY, may at its option terminate and cancel the contract.

In the event of such termination, all grant funds awarded to the DEVELOPER pursuant to this agreement shall be immediately revoked and any approvals related to the PROJECT shall immediately be deemed revoked and canceled. **PROPOSAL FOR:
JOPLIN CONSORTIUM
LMI Homebuyer New Construction Program**

The Joplin Area Habitat for Humanity (JAHFH) presents the following proposal intended to meet the requirements of the LMI Homebuyer New Construction Program. Funding was budgeted in the 2017, City of Joplin Action Plan, and approved by the Department of Housing and Urban Development (HUD).

SUMMARY

The JAHFH proposes to use the \$132,500.00 budgeted in the 2017 Action Plan to assist in the development approximately **two (2)** single family homes. Specific project locations will be determined at a later date. Homes developed under this program will be located in a community that is a member of the Joplin Consortium. Each home will also benefit Low-Moderate Income (LMI) families. The purposes of the project will be to improve neighborhood conditions by creating new housing stock and to promote homeownership.

HOME funding will be used for construction materials, specialty labor, other related development costs, and Habitat's administration costs, as related to each HOME assisted housing unit. For the purpose of this activity, construction materials, specialty labor, and other related development costs will be defined as:

Construction materials will be any material which will become a permanent part of the housing unit.

Specialty labor will be any labor activity which requires a license contractor in the City of Joplin.

Other related development costs will be costs for activities such as, but not limited to, land acquisition and infrastructure costs related to developing lots for new construction.

Each project will consist of three phases of work; Pre construction, Construction, and Project close out.

Pre Construction - A written project cost estimate will be developed for each project prior to any construction work, Habitat will gather sufficient information, with support from the city, to allow for the completion of the required HUD environmental review.

An after construction determination of value will also be prepared to determine the affordability of the home to prospective LMI families and the feasibility of the project in general.

Habitat will submit all required information to the city before starting any project.

Construction -

Minimum Property Standard to be met

1 State and local code requirements.

If no state and local codes apply, one of the following national model codes:

- Uniform Building Code (ICBO)
- National Building Code (BOCA)
- Standard Building Code (SBCCI)

OR

- Council of American Building Officials one- or two-family code (CABO) OR
- Minimum Property Standards* (FHA) at 24 CFR 200.925 (for multi-family) or 200.926 (for one- and two-unit dwellings).

AND

2 Handicapped accessibility requirements, where applicable.

Habitat will submit request for reimbursement for eligible expenses during this phase.

The invoice should contain:

- the organization logo or letterhead,
- address of organization
- list of items to be reimbursed,
- total dollar amount requested,
- contact information

Submit proper documentation of all eligible costs (paid invoices and/or receipts, and proof of payment)

City will process documentation (this should not exceed three weeks).

Habitat has the option of picking up a check at the finance department or having it mailed to a specific address.

Any specialty contractors will have a pre-negotiated start and end date for the project. Contractors will be required to obtain all applicable permits where required. Habitat will oversee each construction project and approve pay requests. Payments to the contractor will be made at pre-determined milestones. The lowest, most responsive and responsible bidder will be awarded each project. The contractor's ability to complete each project in a timely manner will also be considered during the selection process.

Habitat will document all volunteer labor and donated materials, as it relates to each project assisted with HOME funds. The documented labor and materials will be applied to the 25% Non-Federal match required for the HOME program. At Habitat's discretion, they may count as match any Non-Federal investment in HOME-eligible housing as long as the investment meets the following requirements of the HOME regulations: Income determinations (24 CFR 92.203), Property standards (24 CFR 92.251) and Home ownership (24 CFR 92.254).

Project close-out

Habitat will work with the city to submit all required data to allow project to be closed out; including, but is not limited to:

- Copies of all sale documents containing a due on sale provision – indicating the affordability period of the project
- Final reimbursement request
- An itemized report outlining the dollar value of all donated materials and labor
