BID SPECIFICATIONS FOR
PHARMACEUTICAL SERVICES**

GENERAL

It is the intent of these specifications to procure licensed retail pharmacy services to provide prescriptions referred from the Joplin Community Clinic.

TERM OF BID

The bid formulary price shall remain in effect for a one (1) year period from the date of the signed agreement. The contract may be extended one year at a time up to a maximum of three years if agreeable to both parties, and the price is substantially unchanged.

In the event the pharmacy fails to perform to the satisfaction of the City of Joplin, the City may terminate its obligation under this bid 10 days after written notice.

BILLING AND PAYMENT

The pharmacy shall submit separate billing invoices at the end of each month for all the prescriptions dispensed during that month for the Community Clinic Account. Each invoice shall list the name of the patient, the name of the prescription, the amount/dosage of the prescription, the gross price, the co-pay received-if any, and the net price charged to the City after reduced by the co-pay amount.

The City will issue a check within 15 days of receipt of the invoice.

SCOPE OF WORK

For Joplin Community Clinic Prescriptions:

The pharmacy shall fill and invoice to the City only those prescriptions provided on Joplin Community Clinic Prescription Pad. The pharmacy shall utilize the generic formulary provided by the Community Clinic (attached herein on the Bid Proposal Response Form) when filling prescriptions. The only exceptions to this formulary must be approved in advance of filling by the Director of the Community Clinic or the Director of the Joplin City Health Department.

For the contract period specified in this bid request the City shall be charged no more than the price as specified on the Bid Response Form. The bid price for each prescription shall be the total cost including dispensing and pharmaceutical cost. All items on the Bid Response Form are to be **bid as generic**.

All items from the Community Clinic Generic Formulary and listed on the attached Bid Proposal Response Form must be available from the successful bidder. If an item is not available an equal

substitute may be included in the bid, however this must be indicated on the Bid Response Form and/or on an additional attached form.

From time to time during the contract period the Community Clinic may adjust its Generic Formulary by deleting or adding a different item or formulation. Any potential contractor would be expected to utilize the same competitive pricing structure used for the completion of this bid for the pricing of new items.

The successful bidder may be required by the City to collect a prescription co-pay for some or all prescriptions provided to patients. The value of any co-pay would be deducted from the gross price to the city per prescription. The City will provide the amount of this co-pay, if any, to the successful bidder.
