STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map shows this property, as well as all of those around this interchange with I-44 as Future Retail Commercial.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of R-1 is consistent with nearby parcels but is not suitable for this area. This property was annexed into Joplin in 2006, and many of the surrounding properties followed suit in the following years. All of these properties are currently zoned R-1 as that is the default zoning given to newly annexed properties. The future land use map does indicate that this property be used for retail commercial, and it is being used as such.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to C-3 will not be detrimental to the nearby property, most if not all of the surrounding properties are of similar uses that would be permitted in the C-3 zoning district.

DISCUSSION

The applicant is requesting the rezoning in order to move forward on plans to renovate and remodel the site. The need for a building permit triggered this requirement to rezone. This property was annexed into Joplin in 2006, and still carries the default designation of R-1. A change to C-3 would be consistent with the uses around this interchange, and compatible with the Future Land Use Map.

Staff recommends approval of Case 001-20.
