UTILITIES

Utilities do not need to be extended to this property. Utilities are currently in place.
FLOOD PLAIN

This property is not in the flood plain.

STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map shows this property is in an area designated as low-density residential. Both the R-1 and R-2 districts could be considered low-density.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of R-1 does allow uses that would be appropriate in this location.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-2 will not be detrimental to the nearby property. Two-family residential uses, namely duplexes, are still low-density and share many of the same characteristics of single-family development. Due to the size of the property, only one duplex would be permitted to be built.

DISCUSSION

The applicant is requesting the rezoning in order to allow for the construction of a duplex. The property is originally platted as two lots; together, they are a double lot. However, considering the City has a 10’ stormwater easement along the South side of the South lot, the buildable area on that lot is restricted further than the typical setback requirements. As two-family residential is low-density and has characteristics of single-family residential, this request is not inappropriate. Furthermore, there are other cases of R-2 lots in this area on Annie Baxter, Empire, and Picher.

Staff recommends approval of Case 013-20.

CHARACTER OF THE NEIGHBORHOOD: Residential

RELATIONSHIP TO EXISTING ZONING PATTERN:
1. Would proposed change create a small, isolated district unrelated to surrounding districts? No

CONFORMANCE WITH COMPREHENSIVE PLAN:
1. Consistent with Development Policies? Unknown
2. Consistent with Future Land Use Map? Unknown

* We have 2 lots on said property. Title Co. did not inform us that one lot has a sewer/drainage easement and city will not allow us to build on it, leaving us with only 1.5 lot. We did initially plan to build two homes, but with current situation, the best way to use 1.5 lot is to build a duplex, which can be seen that several have been built nearby, without disturbing the pattern of the surrounding neighborhood.
THE FOLLOWING MUST ACCOMPANY YOUR APPLICATION:

1. One copy of a legal description of the property proposed to be rezoned.
2. One copy of a statement describing the impact of the proposed change, including any traffic conditions that may result; any danger from fire hazards; how the proposed change may effect the character of the surrounding properties; and how the proposed change will benefit the City of Joplin.

TRAFFIC CONDITIONS:
1. Street(s) with Access to Property: Murphy and 26th
2. Classification of Street(s):
   - Arterial
   - Main Street
   - Collector
   - Local
   - Murphy Street
3. Right-of-Way Width: Unknown
4. Will turning movements caused by the proposed use create an undue traffic hazard? No

IS PLATTING OR REPLATTING REQUIRED TO PROVIDE FOR:
1. Appropriately Sized Lots? No
2. Property Sized Street Right-of-Way? No
3. Drainage Easements? No (already in place)
4. Utility Easements:
   - Electricity: No
   - Gas: No
   - Sewers: No
   - Water: No
5. Additional Comments: Only survey needed for 1st lot for duplex.

UNIQUE CHARACTERISTIC OF PROPERTY AND ADDITIONAL COMMENT:
Since there is only 1st lot available, the best usage would be a duplex, which is still residential, will not have a major impact on traffic or neighborhood.
