REASON FOR VACATION

With the realignment of Jackson Ave. to curve and intersect with McIntosh Cir., this old portion of Right-of-Way is no longer needed by the City. In addition, the proximity of this Right-of-Way to the intersection of 32\textsuperscript{nd} St. and McIntosh Cir. is very close and constitutes a traffic hazard.

UTILITIES CURRENTLY LOCATED IN THE RIGHT-OF-WAY?

Utilities are currently in the Right-of-Way. Rerouting of utilities is not required to maintain current services to adjoining properties. A savings clause will be provided in the ordinance.

UTILITIES PLANNED TO LOCATE IN THE RIGHT-OF-WAY?

No plans for new utilities to be located in the right-of-way.

DISCUSSION

When Jackson Ave. was realigned, this portion of Right-of-Way constituting the old Jackson Ave. was no longer needed by the city. This case originally went to Planning & Zoning and the City Council shortly after that work was completed in 2010. Due to an error with the legal description, the case was stricken from the agenda. Following the tornado, the case was forgotten until neighboring property owners recently inquired.
This old Right-of-Way does intersect 32nd St. very close to where McIntosh Cir. does. It is within the distance the City requires for spacing between intersections. Given that Jackson Ave. has been rerouted on a safer alignment, the City requests that this old portion of Right-of-Way be vacated.

*Staff recommends approval of Case 014-20 with a savings clause to allow for utilities to access and maintain their infrastructure.*
