ITEM:
CB 2020-257-Rezone to R-2 (Two-family Residential)

MEETING DATE:
May 18, 2020

ORIGINATING DEPARTMENT:
Planning, Development and Neighborhood Services

REVIEWED BY:
Director of Planning, Development & Neighborhood Services-Troy Bolander, Director of Finance-Leslie Haase, City Attorney- Peter Edwards, City Manager-Nicholas Edwards.

SUMMARY REQUEST:
Case 013-20: 2511 Murphy Ave. – A request to remove from District R-1 (Single-family Residential) and include in District R-2 (Two-family Residential) for the purpose of future residential development. – Amir and Hina Anis

BACKGROUND:
The applicant is requesting the rezoning in order to allow for the construction of a duplex. The property is originally platted as two lots; together, they are a double lot. However, considering the City has a 10’ stormwater easement along the South side of the South lot, the buildable area on that lot is restricted further than the typical setback requirements. As two-family residential is low-density and has characteristics of single-family residential, this request is not inappropriate

PLANNING & ZONING COMMISSION TESTIMONY:
Amir & Hina Anis, 4322 Blue Herron, Joplin, MO. They have purchase property on Murphy. The plan is to build two very nice townhomes for rental purposes. We found out that because of the easement, we found out afterwards the two townhomes could not be built. We are planning on having duplexes in the center of that lot. We have a plan and it will be a very nice duplex. That is what the request is for. Mrs. Anis stated that both the houses we have are going to be joined together to make a duplex instead. The easement has basically cut down our property size. She also stated that she has plans with her to show the commissioners.

PUBLIC COMMENT:
None.

FUNDING SOURCE:
These payments are included in the FY 2019-20 budget of the Community Planning Fund.

RECOMMENDATIONS:
Planning & Zoning Commission recommends be tabled for Case 013-20, 6 in favor, 1 Absent.
Staff Recommends approval.

STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map shows this property is in an area designated as low-density residential. Both the R-1 and R-2 districts could be considered low-density.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of R-1 does allow uses that would be appropriate in this location.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-2 will not be detrimental the nearby property. Two-family residential uses, namely duplexes, are still low-density and share many of the same characteristics of single-family development. Due to the size of the property, only one duplex would be permitted to be built.

DISCUSSION

The applicant is requesting the rezoning in order to allow for the construction of a duplex. The property is originally platted as two lots; together, they are a double lot. However, considering the City has a 10’ stormwater easement along the South side of the South lot, the buildable area on that lot is restricted further than the typical setback requirements. As two-family residential is low-density and has characteristics of single-family residential, this request is not inappropriate. Furthermore, there are other cases of R-2 lots in this area on Annie Baxter, Empire, and Picher.

Staff recommends approval of Case 013-20.

*We have 2 lots on said property. Title Co. did not inform us that one lot has a sewer/drainage easement and City will not allow us to build on it, leaving us with only 1.5 lot. We did initially plan to build two homes, but with current situation, the best way to use 1.5 lot is to build a duplex, which can be seen that several have been built nearby, without disturbing the pattern of the surrounding neighborhood.
THE FOLLOWING MUST ACCOMPANY YOUR APPLICATION:
