This property is not in the flood plain.

STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map shows this property is in an area designated as future low-density residential.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of R-1 is suitable in this area. The properties directly adjacent are zoned R-1. Being at the end of a dead-end street is also an appropriate transportation situation for R-1.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-2 should not be detrimental to the nearby property. The R-2 zoning district is very restrictive, just as the R-1 district is. The R-2 district maintains low-density in this area.

DISCUSSION

This request is compatible with the Comprehensive Plan and the Future Land Use Map. The R-2 zoning maintains a low-density in a neighborhood that is already not very dense. While the nearby properties are zoned R-1, at the East end of Douglas Place, there are some lots zoned R-2 with Two-family uses on them.

Staff recommends approval of Case 017-20.
