STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map shows this property is in an area designated as future low-density residential.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of R-1 is suitable in this area. While the property immediately adjacent to the lot is vacant, there are single-family uses nearby. R-1 is the most restrictive district and the least intensive so it would be appropriate here.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-2 will not be detrimental to the nearby property. The R-2 zoning district is low-density, so it does conform to the Future Land Use Map. R-2 is also very restrictive in the types of uses allowed in the district so it is also appropriate for this area. Further south on Oliver, there are a few lots also zoned R-2.

DISCUSSION

This request is compatible with the Comprehensive Plan, the Future Land Use Map, and the zoning requested is appropriate for the neighborhood. R-2 zoning maintains low-density in an already low-dense neighborhood. In addition, there are other lots zoned R-2 very nearby.

Staff recommends approval of Case 015-20.
