HEALTHCARE COALITION
FREQUENTLY ASKED QUESTIONS

What is a regional healthcare coalition?
Missouri has seven regional healthcare coalitions (HCCs) covering the entire geography of the state. The HCCs are supported through federal funding from the U.S. Department of Health and Human Services’ Assistant Secretary for Preparedness and Response (DHHS ASPR) to the Missouri Department of Health and Senior Services (DHSS) through the DHSS Hospital Preparedness Program (HPP).

A HCC is defined as “a collaborative network of healthcare organizations and their respective public and private sector response partners . . . that serve as a multiagency coordinating group to assist with preparedness, response, recovery, and mitigation activities related to healthcare organization disaster operations.”

Who are members of the regional healthcare coalitions?
Each regional healthcare coalition must maintain four core members in order to receive ASPR funding: public health, hospitals, emergency medical services and emergency management. Other health and medical partners are welcome, as well, and may include dialysis centers, long-term care, home health, community mental health centers, federally qualified health centers, durable medical equipment providers, blood banks, etc.

What is public health’s role in the regional HCCs?
Local public health is often the local Emergency Support Function-8 (ESF-8) lead agency and, as such, has responsibility to assure all ESF-8 partners and functions have been anticipated and plans are developed. Engaging in the routine planning meetings with the regional HCC, trainings and exercises as they occur provides an excellent opportunity for collaborative planning, identification of remaining vulnerabilities and barriers, and a group of partners who are like-minded in planning for ESF-8 needs.

Many local public health agencies serve in leadership roles in their respective HCC as Chair or Co-Chair; serve as subject matter expert on variety of topics or serve as HCC Duty Officer on a rotational schedule. The HCCs are responsible to assure members serving in leadership roles have adequate training to assume their roles.

What is the role of a regional healthcare coalition during and in preparation for an emergency response?
HCCs assist all health and medical partners in their region by facilitating communication and coordination during an emergency response. As the HCCs members have routinely planned, drilled, trained and exercised together prior to an emergency incident, they are uniquely prepared to assist each other with communication and coordination needs and assisting in meeting incident objectives of the individual members.

The HCC is not a command or control entity within the emergency response framework and does not usurp the role of the local emergency manager, local emergency operations center or any facility’s emergency plan responsibilities.
How do the HCCs relate to the LPHAs’ PHEP responsibilities?
The Hospital Preparedness Program (HPP) and the Public Health Preparedness Program (PHEP) are funded in a collaborative agreement with ASPR and the Centers for Disease Control and Prevention (CDC). Your PHEP contract with DHSS requires engagement in your regional HCC. There are methods to ensure your efficient, yet appropriate levels of engagement to thoughtfully contribute subject matter expertise as well as receive benefits from membership. You should seek to ensure a strong two-way communication and engagement of your LPHA with the HCC. You will find the HCC can provide assistance with your work relative to medical countermeasures, as one example.

There are many advantages to collectively planning for an emergency with the health and medical partners in your community and region.

b. To the extent that a provision of the contract is contrary to the Constitution or laws of the State of Missouri or of the United States, the provisions shall be void and unenforceable. However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and the state.

c. The contractor must be registered and maintain good standing with the Secretary of State of the State of Missouri and other regulatory agencies, as may be required by law or regulations.

d. The contractor must timely file and pay all Missouri sales, withholding, corporate and any other required Missouri tax returns and taxes, including interest and additions to tax.

a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified herein.

b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.

c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the state.

b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertained upon the initial inspection) may be rejected.

c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.

d. The State of Missouri reserves the right to reject any unacceptable equipment, supplies, and/or services shall be considered as not accepted and the contractor shall be notified immediately with a detailed report of the reasons for rejection.

   b. If the contractor fails to cure the breach or if circumstances demand immediate action, the state will issue a notice of cancellation terminating the contract immediately.
   c. If it is determined the state improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
   d. If the state cancels the contract for breach, the state reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the state deems appropriate and charge the contractor for any additional costs incurred thereby.

The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

3. BANKRUPTCY OR INSOLVENCY

   e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

   If discrimination by a contractor is found to exist, the state shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by the state until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

6. AMERICANS WITH DISABILITIES ACT
   In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age, disability, or veteran status unless otherwise provided by law.
