SUMMARY
This Council Bill makes revisions to the Salary Administration Plan.

BACKGROUND
In order to respond to COVID-19, the Health Department is creating additional temporary full-time positions. The job descriptions are still being developed and will be presented to the personnel board. However, in order to quickly respond to this emergency, the positions are being added to the Salary Administration Plan so the positions can be filled as quickly as possible. Three new positions are being added for this response:

- Case Investigator/Contact Tracer, Grade 170
- Lead Case Investigator/Contact Tracer, Grade 200
- Data Manager, Grade 200

These positions are temporary in nature and will be funded by the CARES grant received by the Counties.

Additionally, the Assistant City Manager position is being reinstated at Grade 410.
