1.0 SCOPE OF WORK

1.1 Purpose

The City is interested in obtaining the services of a consulting firm to perform a study about the future possible uses of Memorial Hall. The City is interested in a qualified firm capable of taking a creative and innovative approach to reviewing the needs of the community, the possible future options for Memorial Hall, while obtaining open-ended public input about the options. The City is soliciting competitive proposals to perform this study.

It is the goal of the City to obtain public input, while utilizing industry knowledge, to provide information to assist the city in determining the best recommended use of Memorial Hall on behalf of the community well into the future.

1.2 Background

Memorial Hall is located at 212 West 8th Street in Joplin. Memorial Hall is Joplin’s only Veteran’s Memorial and Community Center with a seating capacity of 2,750.

According to Joplin Globe archives, city officials first began considering plans for a war memorial in November 1918. In January of 1920, the Robert S. Thurman post of the American Legion and the Women’s Auxiliary began preliminary plans for a campaign to provide Joplin with a suitable memorial hall in honor of the men who served in the war against Germany. In a special election in July of 1923, Joplin voters approved a proposal for issuing bonds to provide for the construction of Memorial Hall. The election effort was sponsored by the American Legion. Members of the Joplin City Commission informally approved school property at 8th Street and Joplin Avenue as the site for a new Memorial Hall in October of 1923.

In August of 1924, construction of the $250,000 Memorial Hall began. A.S. Greenwell was awarded the contract for construction of the Hall. He was quoted as saying, “The building may be used as an opera house and convention hall. The auditorium will seat 4,110 persons. The stage will be larger than that of Joplin’s largest theater. The auditorium will measure 187 feet long, running north and south, and 140 feet wide. On the first floor, plans call for a seating capacity of 2,497 persons. The entire auditorium, balcony and stage, are designed to be as magnificent as a building constructed for the purpose of an opera house alone.” Plans called for a two-and-a-half story structure, covering almost the entire site between Joplin and Wall Streets and Eighth street to within a short distance of Ninth street. The front will face Eighth street. The front entrance will support four massive pillars and contain five double-door entrances.

A large crowd attended ceremonies dedicating the new Memorial Hall in October 1925. The News Herald stated, “In a spirit of patriotism and reverence, Joplin’s Memorial hall was dedicated yesterday. Built as a tribute to the sacrifices of those who served their country in time of war, the massive structure was consecrated in peace. The building was dedicated as a monument to three generations of defenders of the flag.” Quarters in the new Memorial Hall were set aside for use by the Robert S. Thurman Post, American Legion, and Auxiliary when the building was opened in 1925.
Utilization of Memorial Hall has evolved through the years as needs have changed through the reflection of our changing community. The utilization will also be impacted with the addition of the future Cornell Cultural Center being built in front of Memorial Hall.

1.3 Study Requirements

The study will evaluate and answer the following items:

A. Provide a current structural analysis of Memorial Hall.

B. What is the appropriate use of Memorial Hall or this area in general? Can our community support the facility as a concert venue, considering the current arrangement with Connect2Culture for Memorial Hall and their plans for the facility? Should Memorial Hall be remodeled for a different purpose, such as a multi-purpose civic center providing space for community/civic use, parks department programming, meeting space, limited sports programming space, usage by veterans group, small convention space opportunities, and/or emergency operations use? Are there other possible uses?

C. Analyze and discuss what is available in the community for concert type venues, such as Missouri Southern State University facilities, Joplin R-VIII School District facilities, the surrounding casino’s, and the Cornell Cultural Center.

D. Analyze and discuss what is available in the community for civic uses or meeting space, etc.

The study will also analyze and provide detailed information about the following options for possible future uses at this location:

A. If the study determines that a 2,000-seat concert venue is the recommended use of the facility for the community, renovate Memorial Hall as primarily a concert style venue. Analysis shall include the following information:
   1. Provide detailed estimated cost of this renovation.
   2. Provide a description of the work required for this renovation.
   3. Evaluate and describe parking requirements and availability for this option.
   4. Provide a detailed estimated 3-year projected revenue and expenses for this option.

   1. Provide detailed estimated cost of this renovation.
   2. Provide a description of the work required for this renovation.
   3. Evaluate and describe parking requirements and availability for this option.
   4. Provide a detailed estimated 3-year projected revenue and expenses for this option.
C. If the study determines that the recommended use of the facility is a combined Civic Center and Concert Venue, renovate Memorial Hall into a combination Civic Center/Concert Venue. Analysis shall include the following information:
   1. Provide detailed estimated cost of this renovation.
   2. Provide a description of the work required for this conversion.
   3. Evaluate and describe parking requirements and availability for this option.
   4. Provide a detailed estimated 3-year projected revenue and expenses for this option.

D. If the study determines a Memorial Park for Veterans is the recommended use at the location, renovate Memorial Hall into a Memorial Park for Veterans. Analysis shall include the following information:
   1. Evaluate and describe other potential uses of the property, in addition to the Memorial Park, such as a future Discovery Center and/or Museum.
   2. Provide detailed estimated cost of the demolition of Memorial Hall and construction of the Memorial Park.
   3. Provide a description of the work required for this renovation.
   4. Evaluate and describe parking requirements and availability for this option.
   5. Provide a detailed estimated 3-year projected revenue and expenses for this option.
   6. Provide available meeting space for legion meetings.

E. If the study determines this site is not the best location for a Civic Center, evaluate the need for a Civic Center at another location in the community with the exact site to be determined at a later date.
   1. Provide detailed estimated cost of this option.
   2. Provide a description of the work required for this option.
   3. Evaluate and describe the best long-term usage of such a facility.
   4. Rank the best geographic location for such a facility.

F. Any other options. Please include the same type of information requested in the other options detailed above.
