UTILITIES

Sanitary sewer and stormwater facilities may need to be extended to this property for future development. Private utilities may also need to be extended.
FLOOD PLAIN

This property is not in the flood plain.

STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map does show this property to be future high-density residential.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of R-2 is somewhat suitable in this area. This property is on the edge of an industrial area and residential neighborhood. It would not be completely inappropriate for R-2 uses to locate on this property, however, the uses would be along an extended W. 23rd St. that has single-family homes to the east and west.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-1 will not be detrimental to nearby property. The R-1 district is the most protected district in our code, meaning it has the fewest number of allowed uses. This would match the zoning and uses of properties to the east and west.

DISCUSSION

This request is compatible with the Comprehensive Plan, the Future Land Use Map, and the zoning requested is appropriate for the area. Nearby properties will not be affected by the change from a more-intense zoning to a less-intense zoning.

Staff recommends approval of Case 003-21.
