STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map does show this property to be future low-density residential.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of M-1-PD is not suitable in this area. At one time the plan was for this area to develop with industrial uses, given is proximity to the airport. However, pressure for residential development led to single-family zoning and uses occupying this area. Industrial uses are still in this area, however they are to be located to the North of Logan Dr., as shown in the Future Land Use Map.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-1 will not be detrimental to nearby property. The R-1 district is the most protected districted with the fewest allowable uses. Rezoning to a district that allows for much less intense developments will not have a detrimental affect on nearby property.

DISCUSSION

This request is compatible with the Comprehensive Plan, the Future Land Use Map, and the zoning requested is appropriate for the area. Nearby properties will not be affected by the change to a less intense zoning district.

Staff recommends approval of Case 005-21.
