Yes.

DISCUSSION:
The final plat approval is for Thawakle Sub-division located at the Northwest corner of W. 26th St. and S. Schifferdecker Ave. This subdivision will be 7 residential lots, zoned R-1 Single-family residential. This zoning is appropriate for the existing use as well as the area and conforms to the future land use map. The Final Plat does require City Council approval. This plat meets the requirements of the subdivision regulations.

Dr. Iftikhar Ali is seeking a 7-lot residential subdivision for single-family residential uses located at 3017 W. 26th St. Utilities are already in place to serve some of the lots that will be created. Sewer extension will be required, and easements are provided on the plat. Stormwater management facilities will also be required. Easements for these are provided. All lots meet the minimum lot size requirements for area and width.

Staff recommends approval of Case 007-21.
