BACKGROUND:
The current zoning of R-2 is somewhat suitable in this area. This property is on the edge of an industrial area and residential neighborhood. It would not be completely inappropriate for R-2 uses to locate on this property, however, the uses would be along an extended W. 23rd St. that has single-family homes to the east and west.

PLANNING & ZONING COMMISSION TESTIMONY:
Dale Mitchell, 2222 W22nd Street, Joplin, MO. Mr. Mitchell stated that this is the second half, the housing side of the request. He is requesting going from R-2 to R-1 because it gives the neighborhood a sense of security. It will not be duplex, it will be residential house, a little upscale. It will all fit in.

Mr. Kimble mentions that when he looks at the R-1 lots to the west and then the R-2 lots to the east, it looks like the R-1 lots are bigger than the R-2 lots. What size will the lots be?

Mr. Mitchell stated the main reason of the discrepancy on the east that is where the water is going to be carried along with some ditching work, easement work and downsized those lots because of the work needing to be done, but they are still good lots for a comfortable size house.

PUBLIC COMMENT:
David Fryer, 2309 Walnut Ave, Joplin, MO. If 23rd Street is continued on, would the water situation be taken care of and addressed through stormwater?

STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map does show this property to be future high-density residential.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of R-2 is somewhat suitable in this area. This property is on the edge of an industrial area and residential neighborhood. It would not be completely inappropriate for R-2 uses to locate on this property, however, the uses would be along an extended W. 23rd St. that has single-family homes to the east and west.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-1 will not be detrimental to nearby property. The R-1 district is the most protected district in our code, meaning it has the fewest number of allowed uses. This would match the zoning and uses of properties to the east and west.

DISCUSSION

This request is compatible with the Comprehensive Plan, the Future Land Use Map, and the zoning requested is appropriate for the area. Nearby properties will not be affected by the change from a more-intense zoning to a less-intense zoning.

Staff recommends approval of Case 003-21.
