2. OPEN COMPETITION/REQUEST FOR PROPOSAL DOCUMENT

a. It shall be the offeror’s responsibility to ask questions, request changes or clarification, or otherwise advise the Finance Department if any language, specifications or requirements of an RFP appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFP to a single source. Any and all communication from offerors regarding specifications, requirements, competitive procurement process, etc., must be directed to the Finance Department as indicated on the first page of the RFP. Such communication should be received at least seven calendar days prior to the official proposal opening date.

Every attempt shall be made to ensure that the offeror receives an adequate and prompt response. However, in order to maintain a fair and equitable procurement process, all offerors will be advised, via the issuance of an amendment to the RFP of any relevant or pertinent information related to the procurement. Therefore, offerors are advised that unless specified elsewhere in the RFP, any questions received by the Finance Department less than seven calendar days prior to the RFP opening date may not be answered.

b. Offerors are cautioned that the only official position of the City of Joplin is that position which is stated in writing and issued by the Finance Department in the RFP or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.

c. During the bidding process all vendors must contact the Finance Department for any questions or clarifications of information contained in this RFP. Vendors are required to refrain from contacting any City employee concerning this RFP, during the course of the bidding process.

d. If a pre-bid conference is scheduled, this is the proper time to submit initial questions relevant to the RFP. This will give an equal opportunity for ALL vendors to hear and respond to ALL questions concerning the specifications in a fair and impartial way.

e. The Finance Department monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among offerors, price-fixing by
offerors, or any other anti-competitive conduct by offerors, which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General’s Office for appropriate action.

f. The RFP is mailed to potential offerors at the current address maintained on the vendor registration file in the Finance Department. If any portion of the address is incorrect, the bidder must notify the Finance Department in writing upon receipt of the document. Any subsequent amendment to an RFP shall be mailed to the same address as the original RFP unless otherwise notified.

g. The Finance Department reserves the right to officially modify or cancel an RFP after issuance. Such a modification shall be identified as an amendment.

3. PREPARATION OF PROPOSALS

a. Offerors must examine the entire RFP carefully. Failure to do so shall be at offeror’s risk.

b. Unless otherwise specifically stated in the RFP, all specifications and requirements constitute minimum requirements. All proposals must meet or exceed the stated specifications and requirements.

c. Prices bid shall remain valid for 90 days from bid opening unless otherwise indicated. If the bid is accepted, prices shall be firm for the specified contract period.

b. The sealed envelope or container containing a proposal should be clearly marked on the outside with (1) the official RFP number and (2) the official opening date and time. Different proposals should not be placed in the same envelope.

c. A proposal may only be modified or withdrawn by signed, written notice, which has been received by the Finance Department prior to the official opening date and time specified. A proposal may also be withdrawn or modified in person by the offeror or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or telegraphic request to withdraw or modify a proposal shall not be honored.

d. Offerors must sign and return the RFP cover page in order to constitute acceptance by the offeror of all RFP terms and conditions. Failure to do so shall result in rejection of the proposal unless the offeror’s full compliance with those documents is indicated elsewhere within the offeror’s response.

5. FACSIMILE DOCUMENTS - SEALED FORMAL PROPOSALS

All responses to sealed RFP’s and amendments to sealed RFP’s, including “no bid” responses and requests to modify a proposal, must be delivered to the office of Finance Department in a sealed envelope or container. Submission by unsealed facsimile, telegram or telephone is not acceptable. However, sealed proposals containing faxed pages are acceptable. In addition, requests to withdraw proposals may be submitted by facsimile but must be received by the Finance Department prior to the official opening date and time specified.

6. SEALED FORMAL PROPOSAL OPENING

a. Sealed formal proposal openings are public on the opening date and at the opening time specified on the RFP document. Only the names of the offerors shall be read at the proposal opening. The contents of the proposals shall not be disclosed.

b. It is the offeror’s responsibility to ensure that the proposal is delivered by the official opening date and time to the Finance Department.

c. Proposals, which are not received by the Finance Department prior to the official opening date and time, shall be considered late, regardless of the degree of lateness or the reason related thereto, including causes beyond the control of the offeror. Late proposals shall not be opened.

7. EVALUATION/AWARD

a. Any clerical error, apparent on its face, may be corrected by the Finance Department before contract award. Upon discovering an apparent clerical error, the Finance Department shall contact the offeror and request written clarification of the intended proposal. The corrections shall be made in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.

b. Any pricing information submitted by an offeror but not reflected on the pricing page shall be subject to evaluation if deemed by the Finance Department to be in the best interests of the City of Joplin.

c. Unless otherwise stated in the RFP, cash discounts for prompt payment of invoices shall not be considered in the evaluation of prices. However, such discounts are encouraged to motivate prompt payment.

d. Awards shall be made to the offeror whose proposal (1) complies with all mandatory specifications and requirements of RFP and (2) is the lowest and best proposal, considering
price, responsibility of the offeror, and all other evaluation criteria specified in the RFP.

e. In the event all offerors fail to meet the same mandatory requirement in an RFP, the Finance Department reserves the right, at its sole discretion, to waive that requirement for all offerors and to proceed with the evaluation. In addition, the Finance Department reserves the right to waive any minor irregularity or technicality found in any individual proposal.

f. When evaluating a proposal, the City of Joplin reserves the right to consider relevant information and fact, whether gained from a proposal, from an offeror, from an offeror’s references, or from any other source. The City reserves the right to accept or reject any and all proposals.

g. Negotiations may be conducted with those offerors who submit potentially acceptable proposals. Proposal revisions may be permitted for the purpose of obtaining best and final offers. In conducting negotiations, there shall be no disclosure of any information submitted by competing offerors.

h. Any award of a contract shall be made by written notification from the Finance Department to the successful offeror. The Finance Department reserves the right to make awards by item, group of items, all or none, or a combination thereof, with one or more suppliers.

i. Pursuant to Section 610.021 RSMo, proposals and related documents shall not be available for public review until after a contract is executed or all proposals are rejected.

j. The Finance Department reserves the right to request written clarification of any portion of the offeror’s response in order to verify the intent of the offeror. The offeror is cautioned, however, that its response shall be subject to acceptance or rejection without further clarification.

c. A notice of award does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services.

d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representatives of the contractor and the City of Joplin or by a purchase order change order prior to the effective date of such modification. b. The contractor hereby covenants that at the time of the submission of the proposal the contractor has no other contractual relationships, which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships, which create such a conflict.

11. REMEDIES AND RIGHTS

a. No provision in the contract shall be construed, expressly or implied, as a waiver by the City of Joplin or any existing or future right and/or remedy available by law in the event of any claim by the City of Joplin of the contractor’s default or breach of contract.

b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the City of Joplin of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of
action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the City of Joplin.

6. DESCRIPTION OF OPERATING SYSTEM

6.1 The City of Joplin currently maintains one general demand account, two zero-balance accounts one each for accounts payable and payroll, and six (6) special purpose checking accounts—Health Insurance, Flexible Spending, Joplin Municipal Division, Drug Forfeiture, TIF EATS and TIF PILOTS.

6.2 The City's main demand account performs as our general operating account and receives all maturing investments and City revenues. Disbursements are made by City checks, ACH transmissions and/or wire transfers.

7. REQUIRED BANKING SERVICES

Each proposer shall submit a comprehensive list of service prices by completing the service cost section (Exhibit A) of the RFP. This list will be considered all inclusive and the prices shown on the list shall be incorporated into the agreement and will be effective for the duration of the Banking Services Contract. Services will be evaluated on availability, costs, time schedules,
interest rates and the applicability of optional services. The following categories are the basic package of required banking services:

7.1 Bank Accounts

7.1.1 Main Operating Account: The banking institution will furnish the city with a main operating account. Deposits are primarily made in checks with some currency and credit card transactions. Disbursements from the main account will be mainly through accounts payable checks, payroll checks, ACHs and a small number of wire transfers. The City of Joplin currently issues approximately 1,000 accounts payable checks per month and 400 payroll checks, with the remaining payroll issued through direct deposit. The average number of deposits per month is 450. Accounts payable and payroll checks should be charged against two separate zero-balance checking accounts and cleared against the main operating account. Supplying of imprinted checks is a City responsibility for the main operating account and the two zero-balance accounts. Bank shall supply imprinted checks and deposit slips as requested by the City for the special purpose checking accounts at no cost.

7.1.2 Health Insurance: The banking institution will furnish the city with a checking account into which deposits will be made for health insurance premium costs for the city and employees. Deposits are made by way of transfer from the Main Operating Account. Disbursements from this account will be mainly checks, ACHs, and a small number of wire transfers. The average number of deposits is 2 per month. Disbursements from this account average approximately 30 per month. This is an interest bearing account.

7.1.3 Flexible Spending: The banking institution will furnish the city with a checking account into which deposits will be made for flexible spending accounts (FSA) for our city employees. Deposits are made by way of transfer from the Main Operating Account. Disbursements from this account will be mainly checks, ACHs, and a small number of wire transfers. The average number of deposits is 2 per month. Disbursements from this account average 30 per month. This is an interest bearing account.

7.1.4 Joplin Municipal Division: This account is state mandated. The Joplin Municipal Court issues approximately 30 disbursements per month. Deposits are made in checks, currency, ACHs, and credit card. The average number of deposits is 20 per month. This is an interest bearing account.

7.1.5 Drug Forfeiture: This account is federally mandated. Disbursements from this account are minimal, averaging less than 5 per month. The average number of deposits is 2 per month. This is an interest bearing account.
7.1.6 TIF EATS: The City of Joplin issues approximately 5 TIF EATS checks per month. The average number of deposits is 5 per month. This is an interest bearing account.

7.1.7 TIF PILOTS: The City of Joplin issues approximately 5 TIF PILOTS checks per year. The average number of deposits is 5 per year. This is an interest bearing account.

7.1.8 Additional Accounts as Needed: The banking institution will provide the City with additional low volume special purpose checking accounts as the need arises. Such accounts will be provided with personalized and pre-numbered checks and deposit slips at no additional charge, and will be included in the total account analysis, with earnings credit given for collected balances and itemized charges compensated for through collected balance or fee payment through the primary demand deposit checking account. No charges will be made directly to any of these special accounts.

7.2 Banking Services

7.2.1 Electronic Funds Transfer: The Finance Department currently initiates wire transfers via the internet. This proposal is for internet access that would allow the Finance Department to initiate outgoing transfers and receive data on incoming and outgoing wire transfers.

The City has approximately 30 incoming and 15 outgoing wire transfers per month. The banking institution will provide for instant wire transfer of funds to any bank using the internet and federal wire systems for investment purchases or sales and other transactions with commercial banks or brokerage houses. Incoming wires shall be posted to the City’s account within one hour of being received by the bank. When there are both transfers in and transfers out during the same day, they will be treated as if occurring simultaneously, precluding any consideration of daylight overdrafts for purposes of the RFP. Wire service credit and debit notices must be reported daily and included in the monthly statement.

7.2.2 Account Maintenance

7.2.2.1 Deposits accepted and/or received by 2:00 p.m., will be credited to the account on that same day.

7.2.2.2 Monthly Statements showing the overall activity of the City’s accounts will be provided. These reports shall include a monthly detailed analysis
of the banking institution’s cost of operating the City’s accounts. All canceled checks will be available electronically. The monthly statement will include the amount of interest paid or charged as a result of the daily funds balance.

7.2.2.3 **Specific Contacts** will be identified in both the branch and main office that are available during normal working hours to answer questions. These personnel shall be familiar with the City’s accounts and the Banking Services Contract.

7.2.2.4 **Insufficient Fund** returned checks will be automatically presented for collection a second time. The City will not be charged for customer returned checks.

7.2.2.5 **Safety Deposit Box** is required for the City. The City will not be charged for such box that must be at least 8 ½” x 11” in size.

7.2.2.6 **Branch Locations** are utilized by various departments to make night deposits for the pools, golf course, and others. Please provide a listing of branch locations that offer a night depository drop off box.

7.2.2.7 **Depository Credit/Debit Card Transactions**: The City currently accepts MasterCard and VISA credit cards as a means for payment at the following locations:

A separate merchant number is needed for each location. Additional locations could be added in the future. Also, the City requires EMV Chip Card technology on these machines.
7.2.2.8 Direct Deposit of Payroll Checks is currently a benefit to employees. The bank should indicate the minimum number of working days prior to the date of payment that the City would be required to deposit payroll monies and provide the transmission information. Funds should be available to employees at their respective banks at the time of opening on the date of payment. The City of Joplin is on a bi-weekly payroll schedule (26) pay periods per year.

7.3.3 The charges calculated in this section shall be the sole compensation to the bank for account services provided.

7.3.4 The bank agrees to abide by the service charges submitted in its proposal for a period of four (4) years and one additional year by agreement of both parties.

7.4 Optional Banking Services

In addition to the basic services described the City requests proposals for optional services.
