Issue Date

CITY OF JOPLIN, MISSOURI

1.0 SCOPE OF WORK

1.1 Purpose

The City is interested in obtaining the services of a consulting firm to facilitate and perform an update of the City's Personnel Rules & Regulations. The City is interested in a qualified firm capable of taking a creative and innovative approach to the facilitation of the update of the Rules & Regulations Manual. Previous experience with public sector agencies is preferred. The selected consultant will provide data, documentation, and recommendations to the Human Resources Director and the City Manager's Office, in conjunction with an internal employee work group and Management Team, on the update of the Rules & Regulations that is discussed further in this request for proposal (the "RFP").

1.2 Background

Incorporated in 1873, the City of Joplin is located in the southwest corner of Missouri and is the State's fourth largest metropolitan area. Population growth within the City limits, which covers more than thirty square miles, continues to grow modestly while rapid growth is being experienced in the surrounding regional area. Joplin's actual population is 51,762 that swells to approximately 225,000 during the day. The City's fiscal year begins on November 1. The total annual budget of the City is approximately \$140 million. The City currently employs approximately 585 full-time equivalent employees representing a total payroll of about \$36.4 million. City employees work in fourteen distinct departments: City Manager's Office, City Clerk's Office, Legal Services, Human Resources, Finance, Information Technology, Municipal Court, Public Health Department, Planning, Development & Neighborhood Services, Convention & Visitor's Bureau, Public Works, Police, Fire, and Parks & Recreation.

The City is looking to simplify and update the Rules & Regulations in accordance with best practices across comparable cities in Missouri. The current Rules & Regulations do not reflect the current type of Pay Plan adopted by the City. The City desires consistent and compliant personnel rules & regulations that protect the City and employees.

1.3 Minimum Scope of Services

Consistent and compliant personnel rules & regulations are critical in helping facilitate services to the public and providing for a fair and equitable system of personnel administration and management to help ensure the recruitment of quality employees to the City, as well as the retention of current high-performing employees. It is anticipated the successful bidder will be required to hold a **minimum** of ten in-person meetings to complete this project.

A responsive proposal will include a proposed methodology, approach, timeline, and costs that would accomplish the following outcomes:

- A. Review and analyze the existing Personnel Rules & Regulations in an objective manner to determine and make recommendations designed to ensure that policies are consistent and compliant with city ordinances, as well as State and Federal laws.

- B. Review and learn current personnel practices as compared to the existing Personnel Rules & Regulations Manual.
- C. Review, analyze and make recommendations on any sections that should be administrative policies rather than included in the Personnel Rules & Regulations.
- D. Review and make recommendations to simplify policies and ensure consistent, but flexible policies to protect the City and its' employees.
- E. Compare the current and proposed Personnel Rules & Regulations Manual to best practices found in other Missouri municipalities. Make recommendations for changes, if needed, based on these best practices.
- F. Review and make specific recommendations on any sections within the Personnel Rules & Regulations which present conflicting information. Evaluate and ensure the Rules & Regulations Manual is in compliance with current Federal, State, and local laws.
- G. Provide a methodology and framework for the City to evaluate and maintain the Personnel Rules & Regulations into the future.
- H. Provide progress summaries to the Human Resources Director, City Manager and Employee Work Group, as determined, on a regular basis throughout the project.
- I. Facilitate a minimum of ten (10) onsite meetings with key stakeholders, as determined by the Work Group, during the process to review and discuss the current and proposed policies. This could include the City Council, City Manager, Department Directors, the Employee Work Group, or various employee groups.
- J. Provide a recommended final updated Personnel Rules & Regulations Manual to be presented to the Personnel Board and City Council for adoption, along with a summary of the proposed changes compared to the current language by section.
- K. Provide a comprehensive final report outlining methodologies, findings, conclusions, and recommendations.
- L. Provide an Executive Summary and Presentation for City Council.

Each Proposal shall include the following:

The Proposal must detail how the Consultant will provide the Scope of Services required by this RFP and the cost of providing those services. Price guarantees should be included if applicable. 1.4.4 Experience and Qualifications

Set forth your experience and qualifications as they relate to the proposed project in terms of technical scope, tasks involved, deliverable products, and other elements of the work as they relate to the evaluation criteria and all requirements of this RFP.
