Resolution 2022-010; Exhibit A-Final Prioritized Community Project List; Detailed Community Project List

REVIEWED BY

Department Head: Leslie Haase; City Attorney: Peter Edwards; City Manager: Nick Edwards

SUMMARY

This Resolution approves the final prioritized Community Project List in order for applications to be made for various Federal, State and/or County grants as they become available.

BACKGROUND

City staff developed a list of partially-funded or unfunded Community Projects based on community input through various master plans, the listening tour, Council Goals, and Action Plans. The City Council and city staff individually ranked the projects based on ARPA grant requirements, Council Goals, and the long-term impact to the Community. This scoring resulted in a prioritized list of Community Projects ranked by high, medium and low priority. The prioritized community project list will allow for the application of various Federal, State and/or County grants as they become available.

All of these projects will have a significant impact for the Community in terms of economic development and public service. Grant applications typically require community engagement and support for the projects. With this resolution, Council is adopting support for the need of these projects and committing to the completion of the projects, if additional grant revenue is obtained.
