Mr Callihan asks Mr Patel to clarify if option number two would have fencing around the whole property. Mr Patel explains that option two does not go around the whole property but option number three does. Mr Patel asks for clarification on what the city is requiring of him with the fencing on the property. Mr Ledford stated that instead of talking about the fencing that he wanted to hear from Fire and Police regarding the property and their take on how it has affected their departments. Mr Oliver agrees and mentions that he is more concerned with getting the property secured rather than the fencing. Mr Oliver states that in the last meeting he mentioned that the fencing in his option isn’t going to do a lot of good and he would rather focus on securing the building. Mr Patel states that on the options that he provided with the three different options would all three have both securing the property and the perimeter. Mr Patel states that his plan was to bolt all the windows and doors down and have on site security 24hrs a day. Mr Ledford states that whatever option is chosen that he wants to make sure that Fire and Police are pleased with the measures that will be taken. Mr Callihan mentions to Mr Patel that he is dissatisfied with the amount of time that it has taken to get the proposals and options and to see something done with the property. Mr Patel explains that the companies took time to get back with their quotes and pricing as they wanted to physically walk the property first. Mr. Jim Ferguson, Fire Chief, states that he had communication with Mr Patel, and his first concern is that the pool needs to be drained. Mr Ferguson informs Mr Patel that on May 15th there was a fire in the pool room and two firefighters had to call mayday as they fell into the pool because the smoke was so thick. Mr Ferguson continues with the fact that both a fence and securing the property is just a minor deterrence for a little while. Mr Sloan Roland, Police Chief, was present at the meeting and informed Mr Patel that it would be in his best interest to sign a trespassing affidavit as when they do respond to calls at the building they can’t arrest the trespassers because there is nothing on file and would suggest to get that signed immediately. Mr Patel agrees and states that he would like Mr Roland to send him the paperwork today to sign. Mr Roland agrees and gives Mr Patel the contact information to get the affidavit paperwork to sign and send back. Mr Callihan asks for a motion.
