*Joplin Recycling Center - 1310 West A Street
624-0820 Ext. 501

#1 and #2 PLASTIC BOTTLES with NECKS (remove lids & rinse)

The number on the bottom of any plastic container only indicates its plastic resin code. There are two processes for forming plastic containers - blow molding and injection molding. In a **blow molded** process the plastic is blown into a particular shape, **like a bottle**, whereas in the **injection mold** process the plastic resin is injected into a mold that forms a particular shape, **like a butter tub**. The resins from a milk jug and a butter tub might be the same but the different processes use different chemicals that require different temperatures to melt the resins and therefore must be separated when recycled. Because there is no regional market for the injection molded plastics or other numbers, **the Recycling Center can only accept #1 and #2 blow molded plastic bottles whose neck is smaller than the base of the bottle**. Bottles that held toxins (drain cleaner, automotive fluids, etc.) will NOT be accepted. To dispose of toxins, see Page 1 of this brochure under Recycling Center — Household Hazardous Waste.

Joplin Recycling Center-1310 W A St. 624-0820X 501

RESIDENTIAL TRASH SERVICE

Uses

AUTOMATED TRUCKS & POLYCARTS

- ◇ The City manages the Residential Trash Service through **Allied Waste Services 800-431-1507** for every dwelling unit that has an “activated” water meter and are inside the Joplin city limits. If the water is turned on but the living unit is unoccupied, a trash fee will still be charged.
- ◇ A **FREE 96 or 65 gallon polycart** is provided by Allied Waste. Carts remain the property of Allied Waste, and shall stay with the house; do not take the cart with you when you move. If your house does not have one, or you need more information, please contact Allied Waste. All trash must be contained in the cart so that the lid is closed. Any extra trash must be properly containerized and placed next to the cart. An additional cart will be provided to those Allied Waste deems as having extra trash each week, at no additional charge.
- ◇ **Placement of Polycart** is very important, since the collection vehicle’s lifting arm requires clearance---3 feet on both sides, and 12 feet overhead. For placement details contact Allied Waste or visit their website at www.alliedwastegalena.com.
- ◇ From **April 1, 2011 to March 31, 2012** the **total monthly charge of \$10.37** is on your Missouri-American Water Co. statement. (*Joplin Garbage Collection \$10.22 and Management Fee \$0.15*)
- ◇ To learn which day your house is **scheduled** for weekly trash service, call Allied Waste.
- ◇ Trash collection starts at **6:00 AM**. Place polycart at the curb/alley no earlier than 12 hours before collection day, and please remove cart within 12 hours after collection.

- ◇ **Physically Impaired** residents may call the City at 624-0820 Ext. 501 to arrange for door service and a smaller 65 gallon polycart.
- ◇ **Landlords with rentals** may call Allied Waste to rent a dumpster instead of using the free polycarts.
- ◇ Trash will be picked up a day late (using Saturday to catch up) on the following **holidays, unless the holiday falls on a weekend:** New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas.
- ◇ **Extreme Weather** can also affect the trash schedule.
- ◇ **Bulky Items** can also be set out with regular weekly trash including furniture, mattresses, televisions, solid old paint, tree limbs and brush bundled & cut to 4 foot maximum lengths, microwave ovens, non-banned large items, dry carpet bundled to 50 pounds maximum, 4 feet maximum, and small amounts of bundled or containerized construction/demolition debris. **Customers must call Allied Waste to schedule the bulky item pickup.** This is very important, as a different refuse truck will service bulky items. Items must not obstruct the polycart.
- ◇ **Non-Acceptable Bulky Items:** Oils, appliances, railroad ties, liquid paint, lead acid batteries, tires, commercial waste, and large amounts of construction/demolition debris.

Residential Trash Customers may haul **BRUSH, TREE LIMBS and BULKY ITEMS**

to Allied Waste Services Transfer Station
1715 East Front Street in Galena, Kansas (Old Route 66)
Monday through Thursday from
8:00 AM to 11:30 AM & 12 Noon to 3:00 PM
and Saturday 8:00 AM to 2:00 PM
620-783-5841

Call ahead to inquire about acceptable and non-acceptable items, holiday schedules and rules.

Joplin Residents and Joplin Residential Landlords on the City’s residential trash service (with copy of water bill or landlord dumpster rental bill and matching identification) may bring acceptable items to the transfer station for a subsidized fee.

THE TRANSFER STATION WILL NOT ACCEPT:

Liquids/Chemicals	Appliances
Hazardous Materials	Over 5 Tires
Regular Weekly Trash	Commercial Waste
Leaves/Grass Clippings	Lead Acid Batteries

- ◇ Check the Household Hazardous Waste Facility section on page 1 for Liquids/Chemicals disposal
- ◇ Take Leaves/Grass Clippings to the Joplin Compost Facility - 6457 Eddy Lane

FEES at the Transfer Station (Subject to Change April 1, 2012)

Bulky Items in Automobile, Truck or ≤ 8 foot trailer = \$5.65

Bulky Items in Automobile, Truck or > 8 foot trailer = \$8.46

Tree Limbs/Brush only or mixed with Bulky Items in Automobile, Truck or ≤ 8 foot trailer = \$11.29

Tree Limbs/Brush only or mixed with Bulky Items in Automobile, Truck or > 8 foot trailer = \$16.93

Up to 5 Tires per trip, per vehicle = \$1.70 each

Anything over 1 ton = gate price per trip
