Council Bill 2021-144; Work Authorization; Location Map

REVIEWED BY

Director of Public Works: David Hertzberg; Finance Director: Leslie Haase; City Attorney: Peter Edwards; City Manager: Nicholas Edwards

SUMMARY

This Council Bill authorizes the City Manager or his designee to approve a work authorization with Olsson in the not to exceed amount of Five Hundred Twenty Thousand and 00/100 dollars (\$520,000.00) for construction phase professional engineering services for the 32nd Street Widening Project.

BACKGROUND

In August 2014 the voters passed the Renewal of the Capital Improvement Sales Tax Program for an additional 10 years. One of the projects was the widening of 32nd Street from Schifferdecker to Central City Road. In September 2015, the City entered into an agreement with Olsson to provide design services for this project, and in July 2019 and May 2020 the City entered into additional agreements with Olsson to provide Right of Way Negotiation Services and Appraisal Services. The project consists of full depth reconstruction and widening of 32nd St. to a 3-lane roadway with curb and gutter, including a dual-use sidewalk/bike trail on the north side of the roadway. This work authorization for construction phase engineering services includes materials testing, construction observation, and construction administration services. City of Joplin inspection staff will assist with the construction observation of this project when available. City staff has reviewed the fees submitted by Olsson for the construction phase engineering services and found them to be within industry standards.

FUNDING SOURCE

Capital Improvement Sales Tax

RECOMMENDATION

Staff recommends approval of Council Bill 2021-144, Work Authorization OLS-OC21- 08 with Olsson for Construction Phase Professional Engineering Services for the 32nd St. Widening Project from Shifferdecker Ave. to Central City Road in the not to exceed amount of Five Hundred Twenty Thousand and 00/100 dollars (\$520,000.00) on first reading.
