The contract calls for the City of Joplin Health Department to provide WIC services that include food instruments (checks) redeemable for specific nutritious foods, nutrition education and counseling, breastfeeding counseling and certain medical services for income eligible women and children in Jasper county. The contract calls for the city to provide WIC services for up to 36,667 clients and for a total cost reimbursement of up to \$620,103.

Revenues and expenses are budgeted in the remainder of the current year budget as well as the 2021-2022 city budget.
