Consulting Engineers

October 20, 2022

Mr. Lynden Lawson  
Assistant Director of Public Works for Operations  
City of Joplin  
602 S. Main Street  
Joplin, MO 64801

Re: Joplin, Missouri  
Turkey Creek WWTP Oxidation Ditch Rotor Replacement

Dear Mr. Lawson:

We have reviewed the bids received October 20<sup>th</sup>, 2022, for the referenced project. Goins Enterprises, Inc. has indicated that they intend to contract with the City to construct the project. Goins Enterprises, Inc. is not presently debarred, and they appear to be capable of obtaining all necessary bonds and insurance, and performing the work specified.

It is our recommendation that the City award the construction contract to Goins Enterprises, Inc. in the amount of \$454,200.00 for the referenced project. This is more than the Engineers Estimate but very close to the next bid. The most notable difference in my estimate and the bids is the electrical work line item. Electrical components have been difficult to source recently. After talking to the electrical subcontractor, they will likely be able to source a more economical VFD and pass those savings on to the City in a change order deduct.

A copy of the bid tabulation, Notice of Award, and Agreement for the work have been included for your review and use. If the City concurs with this recommendation, please fully execute and return the documents to me. A copy of Goins Enterprises, Inc. Bid and Bid Bond have also been included with this letter for your records.

Please contact me if you have any questions.

Sincerely,

ALLGEIER, MARTIN and ASSOCIATES, INC.
