ITEM

Council Bill No. 2023-001 approving a revised Labor Agreement by and between the City of Joplin and the Joplin Professional Firefighters IAFF Local 59.

MEETING DATE

January 3, 2023

REVIEWED BY:

Peter Edwards, City Attorney; Leslie Haase, Finance Director; Nick Edwards, City Manager.

SUMMARY:

This Council Bill approves a revised Labor Agreement between the City of Joplin and the Joplin Professional Firefighters IAFF Local 59.

BACKGROUND:

The Joplin Professional Firefighters IAFF Local 59 (hereinafter IAFF) represents Firefighters, Drivers, Fire Captains, Battalion Chief, Fire Training Chief and Fire Marshal of the City of Joplin, Missouri (hereinafter “City”) regarding terms and conditions of employment, historically through a process known as “meet and confer”. During 2022, the IAFF and City began discussions on topics related to compensation and working conditions, and this was based in large part on the new pay plan that was presented to them by City Administration. A Labor Agreement was reached by the parties in May, 2022, that was contingent on a Public Safety Sales Tax passing. When the tax did not pass, the parties initiated new contract negotiations.

Since that time, the IAFF and City have been meeting and negotiating the terms of a labor agreement. On or about December 14, 2022, the parties came to an agreement. The compensation piece of the Labor Agreement is the pay plan presented by City Administration and grants an average wage increase of 11.2% as shown on Appendix “A”. Exhibit “1” shows the placement of each current employee within the new pay plan. The Labor Agreement was taken to the IAFF membership and they voted in favor of adopting the Agreement with an approval rate of 93%. The City desires to approve the attached revised Labor Agreement, which shall expire on December 30, 2027. This revised agreement will supersede the May 16, 2022 Labor Agreement approved by the City Council.

Placement of fire department employees will be consistent with the police department placement, which is on the step that corresponds to the member’s years of service, including an additional step for those employees that have passed their anniversary date. This grants an average wage increase of 11.2% to represented positions.

The Fire Chief and Deputy Fire Chief received the 4% COLA and will be placed on the next closest step, consistent with the Police Chief and Assistant Police Chief.

RECOMMENDATION:

Staff recommends this Council Bill be passed on an emergency basis.

ARTICLE I. Preamble

Section 1.01 Parties

This Agreement has been developed by the Joplin Professional Firefighters IAFF Local 59, herein called the "Local," representing the bargaining unit herein called the "Employees" and the City of Joplin, Missouri, herein called the "City."

Section 1.02 Commitment to Productivity and Efficiency

The City and the Employees shall, in good faith, seek to live up to the City's rules and regulations, and will use their best efforts to protect the property and interests of all citizens and visitors. It is the further intent of the parties that the City be able to secure and sustain productivity per Employee.

Section 1.03 No Strike nor Picketing

The Local shall not organize nor promote strikes, picketing, work slowdowns or any form of refusal to work. Employees shall not engage in strikes, picketing including any refusals to perform services, walkouts, sick-outs, sit-ins, or any other form of interference with the operations of the City or the Fire Department.

The Local acknowledges that any employee who engages in a strike or concerted refusal to work, who pickets over any personal matter related to the operations of the City or Fire Department, shall be subject to immediate termination of employment.

The City agrees that it will not cause a voluntary complete cessation of operations to support the City's bargaining position, commonly called a "lockout," so as to prevent Employees from working. Temporary or permanent shutdowns by the City for economic or other reasons beyond its control shall not be considered "lockouts."

ARTICLE II. Recognition

Section 2.01 Classification of Bargaining Representative

The City hereby voluntarily recognizes the Local as the exclusive bargaining representative for the bargaining unit as follows:

All full-time employees below the rank of Deputy Chief, but specifically excludes Administrative Support Staff, Deputy Chief, and the Fire Chief.

Section 2.02 Added Classification

In the event any new position or job classification is added to the Department with a rank below the Deputy Chief, the City will bargain with the Local regarding whether the new position or job classification should be included in the bargaining unit. If the position is added to the bargaining unit, the City and the Local will bargain the duties and wage scale for the new position or job classification.

Section 2.03 Non-Discrimination

The Parties acknowledge and agree that there shall be no discrimination against or harassment of any employee by either party due to the employee's race, gender, color, national origin, religion, age, disability, sexual orientation, military service status, Local membership status or lawful Local activities, genetic information, marital status, political affiliation, political activity consistent with state law, or membership in any other category or classification that is protected by law.

2. Direct the working Employees;
3. Hire, classify, assign, promote, and transfer Employees;

Failure of the City and/or Department to exercise any of the Management Rights enumerated above does not diminish the future ability to exercise such Management Rights.

Section 3.03 Operation of Law

The Local and its members acknowledge that all City mail, whether electronic or physical, is subject to potential monitoring, and may also be subject to public disclosure under the State's sunshine law. ARTICLE VI. Job Descriptions and Specialty Positions

Section 6.01 Job Descriptions

The Department and the City shall maintain job descriptions for all positions within the bargaining units. Job descriptions shall specify the qualifications for promotion into each classification.

Shift employees' schedules shall be designated as A, B, or C shift. Except as otherwise allowed by this Agreement, the work week for Shift Employees shall normally consist of 24 hours on shift, followed by 48 hours off shift, as scheduled by the City. Each workday shall begin at 7 a.m. on one day to 7 a.m. on the following day. A shift will begin the rotation working twenty-four (24) hours; followed by B shift, which will work twenty-four (24) hours; followed by C shift working twenty-four (24) hours, then repeating the cycle with A shift starting again. All Shift Employees shall be ready to work at 7:00 a.m., in the approved uniform and ready to respond to emergency calls at all times for the remainder of the shift.

Shift Employees may be relieved in a reasonable time prior to the end of their shift by the on-coming shift Employee; however, the on-coming shift Employee shall not be entitled to compensation for voluntarily relieving the off-going Employee early. These minor overlaps at such shift change shall be seen as substitution or time-trading as recognized by the FLSA rules and shall not require paperwork or prior supervisory approval if less than 1 hour. Employees assigned to a 40-hour week shall be paid at the 40-hour rate for their pay scale and step outlined in Appendix A.

Section 7.02 Maximum Consecutive Work Hours

Every effort shall be made to avoid personnel being forced into more than 48 continuous hours worked. Trade time, overtime, and regularly scheduled shifts, otherwise defined as actual time worked, shall be used to calculate the number of hours consecutively worked. Employees shall follow departmental policy regarding consecutive work hours. The Fire Chief or his designee are vested with full authority to staff the department and stations as they see fit, given the staff, experience and training of all department employees.

Section 7.03 Shift and Station Bidding Procedure

Shall be established by a department policy and discussed with the Local.

Section 7.04 Shift and Station Transfers or Reassignments

Employees may submit written requests to be transferred to any open position on a different shift, through their Battalion Chief. Employees may also submit written requests to permanently trade shifts, so long as the trade is acceptable to the Fire Chief, or his designee.

The Fire Chief or their designee shall have the authority to reassign any employee or employees to another shift, unit, or station, for legitimate operational reasons. Any potential involuntary reassignment and the specific reasons therefore shall be provided to the Local and the employee(s) involved.

Section 7.05 Meal and Rest Breaks

All shift employees shall be permitted to prepare and take meal breaks during their shift. Rest breaks are permitted by the assigned Company Officer. During all breaks, employees will remain in service unless approved by the on-duty Battalion Chief.

Section 7.06 Trade Time

Requests for trades will be submitted via the appropriate paperwork and approved prior to 19:00, one (1) shift (three calendar days) prior to the requested trade date. A trade is not considered approved until confirmation of approval is obtained from the on-duty Battalion Chief for the shift which the trade is requested, and it is entered into the roster for the requested trade date.

Upon approval and entry into the daily schedule, requested trade shifts become the responsibility of the respective trading parties. Should an individual which has traded call in sick on the traded work shift, they will be charged a sick day. If they fail to show up for their traded work shift, they will be considered absent without leave and face disciplinary action.

Trades will only be allowed within the same rank or with those that are qualified for the position. Trades are not allowed to take place for any portion of an overtime shift. Unapproved trades will result in disciplinary action and loss of pay for the individual who misses the scheduled shift. It is the responsibility of each staff member to make up any training requirements that are missed due to trading shifts that could impact certifications or operational abilities. An emergency trade may be approved by the Battalion Chief with less than the required notice above. Local trade coverage is not subject to leave balance restrictions and the Local will notify the Fire Chief of the trade dates.

ARTICLE VIII. Light Duty and Temporary Duty Assignments

Section 8.01 Duty Related Injury

When an employee is injured in the line of duty, the City shall make every effort to provide temporary light-duty or work-hardening assignments to him or her, consistent with any restrictions the employee's doctor has identified, consistent with the employee's current work schedule. The extent of light duty is at the discretion of the City.

Section 8.02 Non-Duty Related Medical Condition

When an employee is unable to perform his or her regular work assignment due to a non-work-related injury or non-communicable illness, the City may offer temporary light-duty or work-hardening assignments to him or her, to the extent productive work is available. Such light duty shall not extend beyond 60 days from the commencement of the assignment, without approval of the Fire Chief and Human Resources.

In subsequent fiscal years covered by this contract, eligible employees shall receive their step increase on their anniversary date.

For any Tier 1 employees that were rehired on a full-time capacity after retirement and are still employed on the effective date of this agreement, their years of service will include their years serving as a Tier 1 employee. The placement of each employee within the new pay plan is attached hereto as Exhibit 1.

Beginning on January 1, 2023, Bargaining Unit employees shall revert to their original hire date as their anniversary date for the purpose of moving through the annual step plan. The anniversary date for all Bargaining Unit employees shall remain at their original hire date regardless of rank changes. Tier 1 employees rehired with separation of service will revert to the most recent hire date.

Section 9.04 COLA

Section 9.10 On Call Assignment On Call Time is when an employee must remain available to be called back to work on short notice for emergency responses. This on call status shall not prevent an employee from coming and going freely within their normal daily routine as long as they can fulfill the response time criteria as

established by the department. It is necessary to leave a telephone number where they can be reached if they are away from their normal point of contact. This on call time shall be compensated at the rate of one (1) hour at one and one-half (1-½) times the hourly rate of pay for each day the employee is on call and shall be payable only for the days an employee is not called back to work. This compensation shall be in the form of pay or compensatory time off.
