

EXHIBIT C - CONSULTANT'S FEE

Engineering Fee Schedule

Joplin Interceptor Flow Metering and Flow Analysis

Description of Work		Hours	Labor	Expenses	Subtotal
Task 1 - Project Management and Meetings		40	\$10,120	\$300	\$10,420
<i>Subtotal Task</i>		40	\$10,120	\$300	\$10,420
Task 2 - Perform Flow Metering					
2 Flow Metering	Conduct flow metering at 9 Sites and rainfall monitoring at 4 sites for 60 Days	185	\$41,760	\$43,236	\$84,996
<i>Subtotal Task</i>		185	\$41,760	\$43,236	\$84,996
Task 3 - Perform Flow Analysis					
3.1 Dry and Wet Weather Flow Analysis	Perform Pre/Post Flow Analysis for up to nine (9) flow meters	136	\$27,840	\$1,020	\$28,860
3.2 Wastewater Hydraulic Model	Update the current model with up to four (4) flow meters	82	\$17,720	\$620	\$18,340
3.3 Wastewater Collection System Analysis	Stress test wastewater collection system and evalaute relief sewer	72	\$15,640	\$540	\$16,180
3.4 Documentation of Evaluation	Executive summary documenting evaluation	122	\$25,760	\$920	\$26,680
<i>Subtotal Task</i>		412	\$ 86,960	\$ 3,100	\$ 90,060
ESTIMATED ENGINEERING FEE		637	\$ 138,840	\$ 46,636	\$ 185,476
