

JOPLIN POLICE DEPARTMENT	2-10 STANDARD OPERATING GUIDELINE
SUBJECT: Bias-Based/Fair and Impartial Policing	REVIEW DATE: Annually - February
EFFECTIVE DATE: February 24, 2014	ACTION DATE:
AMENDS/SUPERSEDES: 2-10 March 18, 2009	AMEND DATE: February 24, 2014
ACCREDITATION INDEX: 1.2.9 a, b, c, d	APPROVED:  Chief of Police

I. POLICY

It is the policy of the Joplin Police Department to respond to calls for service, to investigate suspicious persons, incidents and other activities, and to enforce the laws of the State of Missouri and the Ordinances of the City of Joplin, in order to ensure the safety and well-being of residents, visitors and persons traveling through our community. It is the intent of the Department to respect and protect the constitutional rights of all individuals encountered by Department personnel during all law enforcement contacts and/or enforcement actions. It is the policy of the Joplin Police Department that all police-initiated enforcement actions, which includes all investigative detentions, traffic stops, arrests, searches and seizures of persons and/or property by officers, will be based on a standard of reasonable suspicion or probable cause as required by the Fourth Amendment of the U.S. Constitution and statutory authority. Officers must be able to articulate specific facts, circumstances and conclusions, which support probable cause or reasonable suspicion for the arrest, investigative detention or traffic stop. Officers shall not consider race, ethnicity, national origin, religion, age, gender identity or sexual orientation in establishing either reasonable suspicion, probable cause, or as a basis for requesting consent to search. (1.2.9 A)

Officers may take into account the reported race, ethnicity or national origin of a specific suspect or suspects in the same way they would use specific information regarding age, height, weight, etc about specific suspects.

II. PURPOSE

The purpose of this policy is to reaffirm the Joplin Police Department's commitment to unbiased policing and to reinforce procedures that serve to maintain public confidence by providing service and enforcing laws in a fair and equitable manner.

The policy will also help officers keep in mind the "probable cause" and reasonable suspicion" criteria for their stops and searches. Traffic enforcement and pedestrian contacts are routinely performed by officers but for the motorist or pedestrian who are stopped it is frequently an emotionally upsetting experience. Officers should be aware of these conditions and should strive to make each contact educational and leave the motorist with an understanding that the officer has performed a necessary task in a fair, professional and friendly manner.

To establish guidelines for Joplin Police Department personnel on performing professional traffic stops within Department policy and in compliance with the laws of the United States and the State of Missouri, specifically Missouri Revised Statutes section 590.650, which becomes effective August 28, 2000.
